Re: Appeal of Lighting Resources LLC - Update

Dear Ms. Sharma:

We write to you on behalf of our client, Lighting Resources LLC (“LRL”). Following settlement discussions, LRL and the Department of Toxic Substances Control entered into a Joint Stipulation re: Petition Issues #24 and #30, dated January 15, 2024 (“Joint Stipulation”). Pursuant to the terms of the Joint Stipulation, LRL hereby withdraws Item 24 (Special Condition 1, Part V – DTSC Approval for Modifications or Changes to the Building) and 30 (Special Condition 29, Part V – Truck Signage) from its appeal.

We look forward to discussing the remaining issues further during the upcoming hearing.

Sincerely,

Ira J. Klein
