I. Schedule Provided in October 2024 Report

Phase	Event	Proposed Completion Date
Final Permit Decision	Complete Responses to Public Comments and Issue Final Permit Decision	07/31/2025

II. Completed Work Since October 2024 (HSC 25200.25(a)(1))

- The public comment period has been completed.
- DTSC extended the public comment period, which was set to end on November 18, 2024, to December 23, 2024.
- DTSC has reviewed all of the comments submitted.

III. Actions and Information Needed (HSC 25200.25(a)(2))

- Final Permit Decision Phase
 - DTSC is in the process of considering each comment in relation to the draft permit decision and draft permit conditions.
 - DTSC needs to evaluate potential revisions to the final decision based on comments submitted.
 - DTSC needs to finalize the Response to Comments document.
 - DTSC needs to consider how any potential revisions may impact the CEQA analysis.
 - DTSC will then issue a Notice of Final Permit Decision with associated documents.

IV. Revised Schedule for June 2025

Phase	Event	Proposed Completion Date
Final Permit Decision	Complete Responses to Public Comments and Issue Final Permit Decision	10/31/2025

V. Reasons for Delay (HSC 25200.25(a))

- Approximately 350 individuals provided comments on DTSC's draft decision during an approximately 150-day comment period.
- Around 750 individual comments were received related to offsite soil contamination, health risks, compliance issues, cumulative impacts, and others.
- Some comments are highly technical in nature and warrant more extensive review.

Updated Appendix D to Hazardous Waste Facilities Operating Permit Decision Report: Ecobat Resources California, Inc.

- DTSC is taking time to consider each comment carefully and consider if revisions to the permit decision or permit conditions are warranted.
- The responses to comments are based on those final decisions and will be finalized after the decision for permit and all the conditions are made.
